## CEIRP Report 2nd Quarter 2016

### Plan Update

The Canadian Entertainment Industry Retirement Plan (CEIRP) Committee has been working hard with Great-West Life to ensure that plan members have access to tools and resources to make financial and retirement planning easier.

For example the CEIRP website ([www.ceirp.ca](http://www.ceirp.ca)) is continuously updated with education and communication materials that are easy to access.

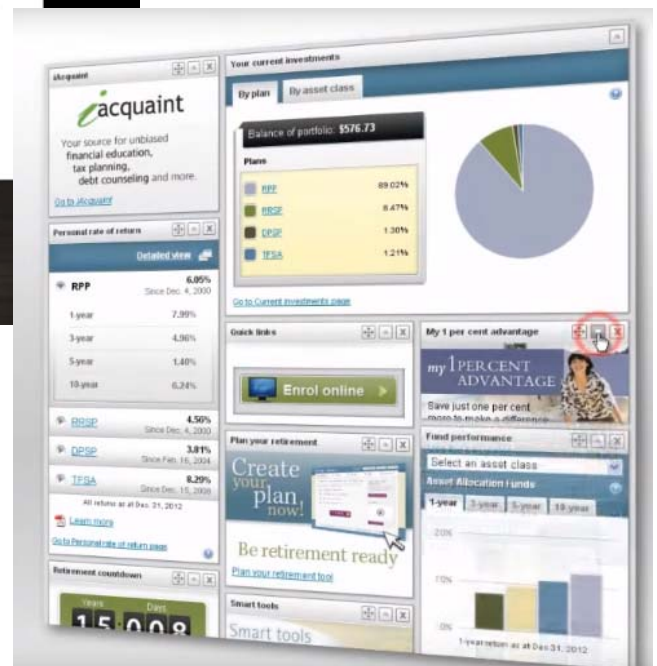

Login to your retirement account at Great-West Life through their [www.grsaccess.com](http://www.grsaccess.com) website and access the Plan Your Retirement tool or iAcquaint.

A series of Webinars were also held this past month, hosted by a Great-West Life education team . If you missed these informative half hour sessions, recordings will soon be posted on [www.ceirp.ca](http://www.ceirp.ca). Information on the next series of Webinars for CEIRP members will be emailed this fall - make sure to update your email address with Great-West Life.

**Getting Financial Planning information to the membership is a high priority for CEIRP**

## How Canadians Measure Up

In the Dark

# 58%

of Canadians don't fully understand how much they need to save for their retirement

<http://www.blackrockinvestorpulse.com/ca/retirement-iq>

### How Much is Enough?

Although many Canadians are wisely contributing to registered retirement plans (RRSPs) and tax free savings accounts (TFSA), four in ten are not saving enough for retirement at all regardless of age—jumping to 48% among those aged 25 to 34 years old. And among those saving, accumulated savings fall far short of what they need to live on with a retirement time horizon expected to last 25 years.

### Great Expectations

Canadians say they need an income of \$47,000 per year to live comfortably in retirement, but the majority are not nearly saving enough to reach their target—even those who are closest to retirement age.

Logon to your retirement account through [www.grsaccess.com](http://www.grsaccess.com) or [www.ceirp.ca](http://www.ceirp.ca) and use the tools under Planning and Learning and see what retirement income your savings may generate.

## Investment Performance

The CEIRP investment offering includes Portfolio Funds (Asset Allocation), Cadence Funds (Target Date), two Ethical funds, a five-year (guaranteed) investment account and a Daily Interest account. The Portfolio and Cadence Funds are broadly diversified, with fund managers specializing in different areas (i.e. Canadian, US, or foreign stocks, bonds, mortgages and real estate).

A fund performance review measures the fund's investment performance and determines whether or not the funds have met their rate of return objectives. Great-West Life reviews the investment returns and relative performance of the various fund managers twice a year. If a fund is not performing as expected, Great-West Life will monitor that fund's performance on a more frequent basis.

In addition to Great-West Life's internal review process, the Great-West Life Director - National Investment Services presents to the Retirement Committee on a quarterly basis, to provide detailed investment fund performance data. The Retirement Committee also independently reviews the performance with the assistance of the Plan Consultants.

**It is important to keep sight of long term goals to ride out market ups and downs. A diversified portfolio can help moderate the volatility of returns and better protect capital over the long term. The Fund Review is updated monthly on [www.grsaccess.com](http://www.grsaccess.com).**
